# *The Pocket Book*

## TABLE OF CONTENTS

APRIL-MAY 1935

Fellowship in the Furrow ..... *Jeff McDermid* 3
Saleable Sweets ..... *George R. Cobb* 7
The Inquiring Mind and the Seeing Eye ..... *Dr. A. S. Alexander* 10
The Soybean Is Here to Stay ..... *Dr. W. L. Burlison and A. L. Lang* 13
Strawberries Thrive Best in Neutral Soil ..... 30

JULY-AUGUST 1935

Science Plus ..... *Jeff McDermid* 3
Connecticut Valley Soils Need Potash ..... *Ford S. Prince* 7
The Inquiring Mind and the Seeing Eye ..... *Dr. A. S. Alexander* 10
Micro-chemical Methods as an Aid in Studying Soil Fertility Problems .. *Jackson B. Hester* 13
Muck-grown Potatoes Can Top the Market ..... *E. B. Tussing* 18
The Humus Front ..... *Dr. R. E. Stephenson* 21
Black Locusts Will Anchor Sand ..... *A. F. Gustafson* 22
Michigan Grows Good Potatoes ..... *J. J. Bird* 32
Disease Resistant Varieties of Crops ..... *Dr. E. N. Bressman* 35
Reed Canary Grass Demands Plant Food ..... *H. L. Harris* 37
Sod Dams Save Soil ..... *A. A. Jeffrey* 43

SEPTEMBER-OCTOBER 1935

All's Fair ..... *Jeff McDermid* 3
Apple Trees Need a Balanced Diet ..... *Dr. Fred W. HofMann* 7
Ladino Clover to the Rescue ..... *M. E. McCollam* 18
The Inquiring Mind and the Seeing Eye ..... *Dr. A. S. Alexander* 20
Quality Citrus ..... *C. W. Lyons* 35
Shade Trees Require Proper Fertilization ..... 38
Canada's Prairie Provinces ..... 39

NOVEMBER-DECEMBER 1935

Looking Backward ..... *Jeff McDermid* 3
Tomatoes Make Known Their Diet Needs ..... *M. B. Davis and H. Hill* 7
The Inquiring Mind and the Seeing Eye ..... *Alister B. Alexander* 10
New Laws, New Ideas, New Enterprises ..... *G. Chalmers McDermid* 13
Learning From Club Yields ..... *Ford S. Prince* 15
Winter Cover Crops for the South ..... *E. B. Ferris* 18
"Man Cannot Live by Bread Alone" ..... *C. J. Chapman* 21
U. S. Farm Map Changed ..... 34
Fertilizer Makes Legumes Better Nitrogen Factories ..... 35
Indian Summer Results From Whims of Weather ..... 36

JANUARY 1936

Welcome Welfare ..... *Jeff McDermid* 3
Potash and Clover for Better Pastures ..... *Dr. A. R. Midgley* 7
One-third of the Nation's Celery ..... *J. L. Baskin* 13
The Inquiring Mind and the Seeing Eye ..... *A. B. Alexander* 14
A Good Lawn Is Its Own Reward ..... *T. D. Gray* 17
"As a Man Soweth So Shall He Reap" ..... *C. J. Chapman* 20
Science and the New Agriculture ..... *Morris Halperin* 22
Arbeiten Ueber Kaliduengung Potash Research ..... 32
Fertilizer in the Rotation ..... 33

FEBRUARY 1936

Communication ..... *Jeff McDermid* 3
Virginia Tobacco Needs Potash ..... *E. M. Matthews* 7
Quality Celery Finds a Market ..... *M. E. McCollam* 13
The Inquiring Mind and the Seeing Eye ..... *A. B. Alexander* 14
Two Bolls Where One Grew Before ..... *G. A. Hale* 16
Profit Factors in Flue-cured Tobacco ..... *J. M. Carr* 18
A Legume Program for Sandy Soils ..... *C. E. Millar* 20
Every Soil Is Fertile; But Not for All Plants ..... 33
One of the "Loose Ends" of Agriculture Is Hay ..... 33
Believe That Potash Acts as Anti-freeze ..... 34

# ook of Agriculture

## April-May 1935 to October 1936

MARCH 1936

Richer Dirt ..... *Jeff McDermid* 3
Soybean Trends ..... *George L. Schuster* 6
Fertilizing Pennsylvania Cigar-leaf Tobacco ..... *D. E. Haley* 9
Fertilize to Control Cotton Wilt and Rust ..... *Dr. V. H. Young* 13
Meeting New Hampshire's Pasture Problem ..... *Ford S. Prince* 17
The Inquiring Mind and the Seeing Eye ..... *A. B. Alexander* 20
Survey Shows Too Many Fertilizer Grades Sold ..... 33
Vegetation Is to the Soil What Skin Is to the Body ..... 34

APRIL 1936

Soaked Again ..... *Jeff McDermid* 3
Side-dress Corn with Potash ..... *H. L. Garrard* 6
Fertilizing Georgia's Cotton Crop ..... *R. P. Bledsoe* 9
The Inquiring Mind and the Seeing Eye ..... *A. B. Alexander* 12
Improving Pastures in New Brunswick ..... *C. F. Bailey* 15
Mr. Ebe's Side-line Is Certified Seed ..... *C. A. Whybark* 18
Hoosier-grown Sweets Meet Market Demands ..... *W. B. Ward* 20
Record Tobacco Crop ..... 32
Fruit Growing in Ontario ..... 33

MAY 1936

Spring Song ..... *Jeff McDermid* 3
Potash for Cotton Wilt and Rust in South Mississippi ..... *Dr. L. E. Miles* 6
Renovating Pastures ..... *A. O. Braeger* 9
Morgan's Method ..... *W. B. Ward* 11
Fertilizer Needs of Red Raspberries ..... *A. E. Stene* 12
Strawberries Can Be Profitable ..... *Clayton A. Bunting* 15
Mangels Respond to High Potash ..... *M. S. Grunder* 17
We Did "Sumpin" About It ..... *F. H. Jeter* 19
Humus, Fertilizers, and Plant Nutrition ..... *R. E. Stephenson* 21

JUNE-JULY 1936

Quit-uation ..... *Jeff McDermid* 3
The Role of Potassium in Plant Nutrition ..... *Dr. W. L. Powers* 6
Keeping Up-to-date with Potatoes ..... *Arthur O. Braeger* 9
Potash & Cotton Wilt in Central & North Mississippi ..... *Dr. L. E. Miles* 11
The Inquiring Mind and the Seeing Eye ..... *A. B. Alexander* 14
Prune Die-back ..... *Dr. O. Lilleland* 17
Meet Our Old Friend Timothy ..... *Ford S. Prince* 20
One Plowing of Potatoes Enough, Except for Weeds ..... 33
Pasture Use Cuts Feed Costs on Cotton Farms ..... 33

AUGUST-SEPTEMBER 1936

Gas Gadding ..... *Jeff McDermid* 3
Chrysanthemums Thrive in Sand Cultures ..... *H. Hill and M. B. Davis* 6
Dry-weather Profits From Garden Irrigation ..... *W. B. Ward* 9
Southern Peaches Need Potash ..... *E. H. Rawl* 11
Oregon Onions ..... *A. E. Wilkinson* 16
Mr. Ben Qualifies as Truck "Planter" ..... *G. Chalmers McDermid* 18
Fertilization and Care of Peat Soils ..... *R. E. Stephenson* 20
Corn Needs Man Just as Much as Man Needs Corn ..... 34

OCTOBER 1936

Crop Insurance ..... *Jeff McDermid* 3
Flower Symptoms Warn of Food Deficiency ..... *E. W. McElwee* 6
Potassium Availability in Illinois Soils ..... *R. H. Bray* 11
Mr. Nat Stafford Learns About Potash ..... *F. H. Jeter* 16
Potash for Cotton Wilt in the Mississippi Delta Region ..... *Dr. L. E. Miles* 18
Winter Corn and Cotton ..... 34
Well-fed Raspberries Stand Cold ..... 35
